Endicott Junior College

The Career Junior College for Young Women

BEVERLY **MASSACHUSETTS**

CONFERS THE DEGREE OF

ASSOCIATE IN ARTS AND ASSOCIATE IN SCIENCE

ENDICOTT JUNIOR COLLEGE is fully accredited. It is a member of the American Association of Junior Colleges and the New England Association of Colleges and Secondary Schools. It is a member of the New England Junior College Council and has the Delta Nu Chapter of Phi Theta Kappa, the national Junior College Honorary Scholastic Society. It is an associate member of the Commission on Christian Higher Education of the Association of American Colleges. It is approved by the Massachusetts State Department of Education, by the Massachusetts State Board of Collegiate Authority, by the Legislature of the Commonwealth of Massachusetts and by the Division of Higher Education of the University of the State of New York as well as by Senior Colleges and Universities.

ENDICOTT is a Career Junior College offering both Liberal Arts and Vocational courses for full transfer privileges to the third year of Senior Colleges or for positions. Endicott has no secondary school connected with it. Each of its twelve vocational fields includes one month of Internship (work) Experience each year in addition to the approved college curriculum. Its guidance program aids the student in finding her chosen field according to her personal needs, interest and ability through Counseling, Auditing of Classes by way of discovering other career fields of possible interests, Lay Faculty, consisting of vocational executive, and by her Internship (work) Periods and Placement.

ENDICOTT JUNIOR COLLEGE is a non-profit institution controlled by a Board of Trustees. It is chartered by the Commonwealth of Massachusetts and has been granted the right by the Massachusetts State Board of Collegiate Authority to confer the degrees of Associate in Arts and Associate in Science.

ENDICOTT is a non-sectarian Christian College. It aims to create an atmosphere that will crystallize in an appreciation of spiritual values. Students are encouraged to attend the church of their preference.

ENDICOTT'S buildings and campus are most unusual. Its 110 acres shore-front and wooded campus, overlooking historic Massachusetts Bay, is within 20 minutes' walk of the heart of the City of Beverly. It affords all types of sports including skating, tennis, riding, swimming and boating. This and its accessibility to the neighboring men's colleges and universities are important factors in Endicott's social programs.

There is a necessary fixed cost in production of a Directory. It increases as the city grows. The City does not pay for it — the subscribers or sponsors do.

If there were only ONE sponsor he would necessarily bear the whole cost.

If there were 1,000 sponsors each would bear 1/1,000 of the cost.

MORAL: To keep your directory costs DOWN and directory service UP, do your share. Don't be a Borrower — Be Fair.

Merchants referred to as "Borrowers" of the Directory injure themselves in the public estimation. Someone else has to pay for it for them.

PREFACE

The Fifty-first volume of the City Directory covers the towns of Hamilton and Wenham in addition to Beverly. Names in the towns in the Beverly district are enumerated with the same system and care as the city and are taken in alternate years. The general directory of Beverly contains 59% new or changed matter of which 2261 consists of new names this year. In the street directory of Beverly and the towns a special indicator ◉ marks property owners. The locations of telephones are shown by an asterisk (*).

Maps of Beverly, Hamilton and Wenham are included with this volume.

The publishers acknowledge their indebtedness to all who have supplied information and to the advertisers whose patronage assures the city of its annual directory service.

PRODUCING THE PRODUCTIVE

INTRODUCTION

Probably no city in the Commonwealth blends the old and new as well as does Beverly. Founded in 1626, Beverly has handed down to its present generation a worthy heritage of tradition and history. Not until 1900, however, did Beverly begin to show a rapid growth. Since then it has doubled in population. Recent figures place Beverly slightly over the 31,500 population class. It may be truthfully said that Beverly today presents the characteristics of a modern city, while retaining the best from the customs and traditions of the past. Let us briefly enumerate the reasons why Beverly is one of the best cities in our Commonwealth.

CLARENCE S. WILKINSON, (Mayor)

1. **LOCATION**
   Beverly, one of New England's oldest communities, is located on the North side of Massachusetts Bay, on the picturesque North Shore and possesses nine miles of the most charming ocean frontage to be found anywhere; 18 miles from Boston, 261 miles from New York, 90 miles from Portland, Maine, on the Portland Division of the Boston & Maine Railroad and on one of the most popular motor routes between Boston, Portland and the White Mountains. Beverly is located at a point well above the average sea-level height which affords us to boast a healthful atmosphere.

2. **POPULATION**
   Slightly over 31,500 population. Beverly's beauty attracts from all over, the type of persons who enjoy the finer things of life.
3. **AREA.** Approximately 15 square miles.
4. **ASSESSED VALUATION:** $48,478,100.
5. **TAX RATE:** $61.60 per $1000. Total Tax (Personal and Real) $3,034,729.
6. **STREETS:** 90 miles of improved streets and highways.
   (a) "White Way" post lighting system.
7. **WATER SUPPLY:** Pure water supply, new filter plant, new reservoir, 90 miles of water main. Public sewerage system 76 miles.
8. **PUBLICATIONS**
   (a) Daily newspaper—Beverly Evening Times.
   (b) The Beverly Directory—Published yearly by Crowley & Lunt, Directory Publishers, located in Beverly.

CROWLEY & LUNT'S

City of Beverly Street and House Directory

1956

This guide gives the location of the streets, places, parks, squares. etc., and shows what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers, the dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; prov., provisions; rd., road; r., rear; rep., repairing. smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parenthesis (—).

* Indicates telephones.

† Indicates two house calls, mail and tel. without contact.

Ⓒ Property reported taxed to member of family. Accuracy not guaranteed by the publisher.

Note: All house numbers on Hale Street beyond Beverly Post Office Delivery (i. e. beyond 300) and all Pride's Crossing and Beverly Farms numbers are City Directory allocations made by the Directory company and published under copyright. Publication of these numbers as an address list or a street directory by any book, pamphlet or other issue is prohibited by copyright law and will be prosecuted.

CITY OF BEVERLY
BUSINESS DIRECTORY

(For Hamilton and Wenham Business Directory See Back of Book)

Beverly, on the North Shore of Massachusetts Bay is cooled in summer and tempered in winter by the seven miles of Atlantic shore line. Its first-class rail and water facilities and equitable freight rates together with scenic beauty and broad residential area give it prime importance in the consideration of manufacturing interests or home builders. With a valuation of about $50,000,000, the manufacturing industries comprise machinery, shoes, oils, chemicals, iron foundries, metal processors, tanneries, leather processors, planing mills, sheet metal works, electronics, etc.

The United Shoe Machinery Corporation occupies one of the largest re-inforced concrete factory plants in the world and employs more than 5,000 expert mechanics. Metal Hydrides and Bomac Laboratories, processed metals and Electronics specialists, have large modern plants, accounting for heavy additions to the city's payrolls. Spur tracks of the Boston & Maine Railroad connect with all wharves. Population of Beverly, 1956, estimated about 34,000. Eighteen miles from Boston on the Boston & Maine Railroad. Eastern Mass. bus connections to all nearby points. Good harbor. Three banks. Daily newspaper. Superior fire department. Good sewers. Superlighted streets. First-class public schools. Two theatres. Public school playgrounds costing over $150,000. Parks, modern bath house at Oceanside Park.

NOTE—It has been found essential (as a general rule) to insert names of firms under the ONE heading ONLY which best represents them, except in the case of patrons, when extra insertions are sometimes made.

*** Patrons' insertions only under headings with asterisk**
